

disclaimer - refunds and exchanges policy

Customer Acknowledgement / Terms & Conditions

One more thing to tell you. A disclaimer about our refunds and exchanges policy. It's so important that we had to make this notice and have you sign a form. And it's something we have to tell you legally so we don't go broke. So here it is in larger print. FYI, a "doop" is what we call the 3D figurine.

We do our best to fix any irregularities or imperfections from the scanning process prior to your doop being printed. And your doop is 3D printed using state-of-the-art 3D printers, the kind of printers that are big, heavy and cost more than a thousand average home inkjet printers.

Your doop is unique, one-of-a-kind and a special creation and special order just like you. Therefore, we're not able to offer you a refund, credit or exchange of any kind if you don't like it, because if everyone got a refund, we'd have no money and no business.

NO REFUND, CREDIT OR EXCHANGE

Sorry.

If you feel you unwisely spent your money on it, fear not. Use it as a paperweight, be our volunteer tester and drop it in water or give it sunlight and see what happens then tell us, or use it to file down calluses. Or give it to someone who may like it. The uses are endless!

And you understand how we compute 3D figurine sizes with the Conversion Table on the right.

You also consent to having your likeness in any photo, video or figurine taken by dooplikit to be used in any of our marketing or promotional programs with no compensation to you whatsoever. You'll be famous!

Conversion Table

FYI, we use the metric system throughout the scan to print process, and as such, there may be up to a quarter inch difference in size. For example, when we say 12 inches or 304.80mm, the printed 3D figurine is around 300mm, a 0.19 inch difference. The printing process can also affect size but should be close to the Printed MM size.

Inch	Actual MM	Printed MM	Actual vs Printed MM	Actual vs Printed Inch
3	76.20	75	1.20	0.05
4	101.60	100	1.60	0.06
5	127.00	125	2.00	0.08
6	152.40	150	2.40	0.09
7	177.80	175	2.80	0.11
8	203.20	200	3.20	0.13
9	228.60	225	3.60	0.14
10	254.00	250	4.00	0.16
11	279.40	280	0.60	0.02
